

Overcounter Beer Cooler

KONTAKT 115

GREEN LINE

Environmentally friendly

NEW MODEL

- The **KONTAKT 115 GREEN LINE** is a professional cooling unit designed for dispensing excellent chilled beer as a mobile bar, ideal for professional/commercial purposes and busy events.
- The **GREEN LINE** cooler series is not only environmentally friendly thanks to the use of ecological **refrigerant R-290**, but also has a **20% Higher cooling power** and **20% Lower electric consumption**.

We perform an energy saving system in the production, the cooler is made of fully recyclable materials and without any polyurethane insulation.

- This cooler has a continuous cooling performance of **115-130l/h.**, max 140l/h.
- **The modern compressor cooling** unit uses the power input for direct transfer to chilling, which guarantees minimum energy usage.
- The best chilled beer will be ready in the thermo block within **5-10 minutes** after the cooler has been switched on.
- **The cooling technology is 45% more efficient** than its power input.
- The complete external construction is made from stainless steel to give a more clean and aesthetic look.
- The materials used meet the highest requirements for hygiene standards and guarantee a **long working life of this cooler.**
- This machine comes with a stainless steel drip tray and an adjustable temperature control with **7 different settings.**
- Two grab handles on top of the machine enables easier manipulation.
- KONTAKT coolers have been recognised by experts as the beer coolers with the best ratio of **price/ performance/ quality/ dimension.**
